Week of October 6th, 2006

1 Men's Rugby World Cup

On Saturday 30th, the USA *BEAT* Uruguay by a remarkable and hugely satisfying 43-13 score to give itself a very healthy margin heading into the home leg of the two-match series to determine which team advances direct to the 2007 Rugby World Cup.

The second leg will be held at Stanford, California on Saturday October 7th. If you are within striking distance of Stanford, *BE THERE*. If not, continue your fingers-crossed vigil for the right result for the USA, our NAWIRA team!!

2 Jamaica is on fire!

In the last twelve months, Jamaica has won the Caribbean Women's XVs (for details of the triumph earlier this week go to www.nawira.com), the Caribbean Under 18 Men's, the Caribbean Men's VII's, and has placed second in the Caribbean Women's VII's.

Congratulations to the players, coaches, officials and administrators, and particularly to JRU Chairman Jacob Thompson, without which *none* of these successes would have been possible.

Best wishes to all.

A handwritten signature in black ink that reads 'Tom Jones'.
